COMMUNITY-REFERENCED ASSESSMENT

Assessor__________________________________________Date________________

Establishment________________________________________

Location________________________________Days/hours open________

Directions: Be as specific as possible. Give concrete examples.

1. What type of transportation could be used to get here?

2. Is this place accessible? Note specifically which entrance(s) is the most appropriate. Check width of doors, etc. to accommodate wheelchairs. Can a person in a wheelchair or with a walker get around inside? Use bathroom?

3. What is/are the natural cues?

4. Do same-age, nondisabled peers frequent this place?

5. Does this activity require money or some substitute? How much?

6. How/where do you pay for services?

7. What gross motor skills would be required in this environment?

8. What fine motor skills would be required in this environment?

9. What communication skills are required in this environment?

10. What social skills are required in this environment?

11. Are there any other specialized skills needed in this environment?

12. Is there anything unusual about this environment that might cause a learner to display inappropriate behavior (e.g., noise, light, or other environmental factors)?

13. What would have to be taught in this environment only?
